

Velkommen på seminar om OECDs rapport om Nord-Norge og NSPA

Nord-Norges Europakontor har gleden av å invitere til den norske lanseringen av OECDs rapport om Nord-Norge og resten av Northern Sparsely Populated Areas (NSPA).

Seminaret vil finne sted i Bodø 6. april på Scandic Bodø fra kl. 15.00

Innleggsholdere inkluderer blant annet fylkesrådsleder i Nordland, Tomas Norvoll, og Chris McDonald fra OECD.

«The Northern Sparsely Populated Areas (NSPA) of Finland, Norway and Sweden are becoming increasingly important to the geopolitical and economic interests of these countries and the European Union (EU). The NSPA regions are located on the periphery of Europe and are part of Europe's gateway to the Arctic and eastern Russia. A changing climate, access to hydrocarbon and mineral resources, and shifts in relations with Russia are changing the political and economic landscape. The sustainable development of these regions is crucial to managing such strategic risks and opportunities. The report sets out policy recommendations at a cross-border, national and regional scale to enhance prosperity and wellbeing across the NSPA».
